Consent for Treatment by a Physician Assistant / Nurse Practitioner

Physician's Weight Control and Wellness employs Nurse Practitioners (NPs) and Physicians Assistants (PAs). At our offices you may be seen by our doctor, or our NP or PA.

Nurse Practitioners and Physicians Assistants are not Physicians or Nurses, but skilled Health Care Practitioners who by formal experience in medical school are qualified to perform certain tasks under the supervision of a physician.

NPs and PAs are board certified and are required to participate in a designated number of hours of continuing medical education each year to maintain that certificate.

You may choose not to be seen by the NP or PA, please indicate below your preference.

This consent will remain in your permanent medical records. You may revoke this consent at any time.
